ANDROID DEVELOPER

Hello! I'm İsmail Can Varlı. As a 4th-year computer engineering student at Marmara University, I'm shaping my career in the field of software development. I have a great interest in mobile app development and conduct in-depth research in this area. Currently, I'm focusing on specializing in Android Studio platform and honing my skills using the Kotlin programming language.

Specialties: Android, Kotlin, MySql, Sql Server, Git, Github, JUnit

Technologies: UX/UI, Jetpack Compose, Kotlin Coroutines, ViewModel, LiveData, Retrofit, Authentication and Authorization.

EDUCATION

Computer Engineer, Marmara University   2020 - 2024
Electric - Electronic, Gurpinar IMKB Vocational High School   2015 – 2019

PROFESSIONAL EXPERIENCE

SansTech (formerly ŞansTech), İstanbul   **July 2023 – January 2024**
Back-end Developer Intern

- I have demonstrated my proficiency in software development by building a "to do" app utilizing the Spring Boot framework while adhering to clean code and SOLID principles. Additionally, I have applied test-driven development methodologies, employing JUnit and Mockito frameworks to ensure the robustness and reliability of the developed software.
- In addition to my hands-on experience with various technologies such as Java 8, Git, Github, MySQL, Spring Boot, Junit.

Octopus, Kocaeli   **July 2022 – March 2023**
Software Tester Intern

- Specialized in detecting errors on websites, I collaborate closely with software developers and project support teams. I am proficient in writing and executing test scripts, conducting both manual and automated tests. Furthermore, I excel in writing detailed bug reports to expedite the resolution process, and I possess the capability to test in various environments including web and mobile platforms.
- In addition, I have hands-on experience with a variety of technologies including Git, GitHub, Python, Cypress, Java, and Selenium.

CERTIFICATES AND TRAININGS

Basic Level Kotlin Android Mobile Application Development Training	BTK Academy - 2023
I'm learning SQL with Applications	BTK Academy - 2023
Software Test Automation	BTK Academy - 2023
B1 Level English	BTK Academy - 2023
Version controls: Git and Github	BTK Academy - 2022
Introduction to programming with Java	BTK Academy - 2022
Introduction to Algorithm, Programming and Data Structures	BTK Academy - 2022
